

Monitoring land use allocation and forests in the Congo Basin

CARPE Technical Workshop, 15 May 2013

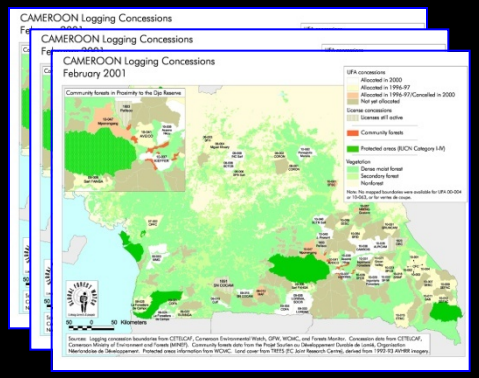

Matthew Steil, Central Africa Director, WRI's Forest Initiative

Applications

1. **Forest Atlas:** Monitor land use allocation and extractive activities

2. **Global Forest Watch 2.0:** Monitor forest cover change

Forest Atlases

Reference information

+

Forest use information

Land use planning

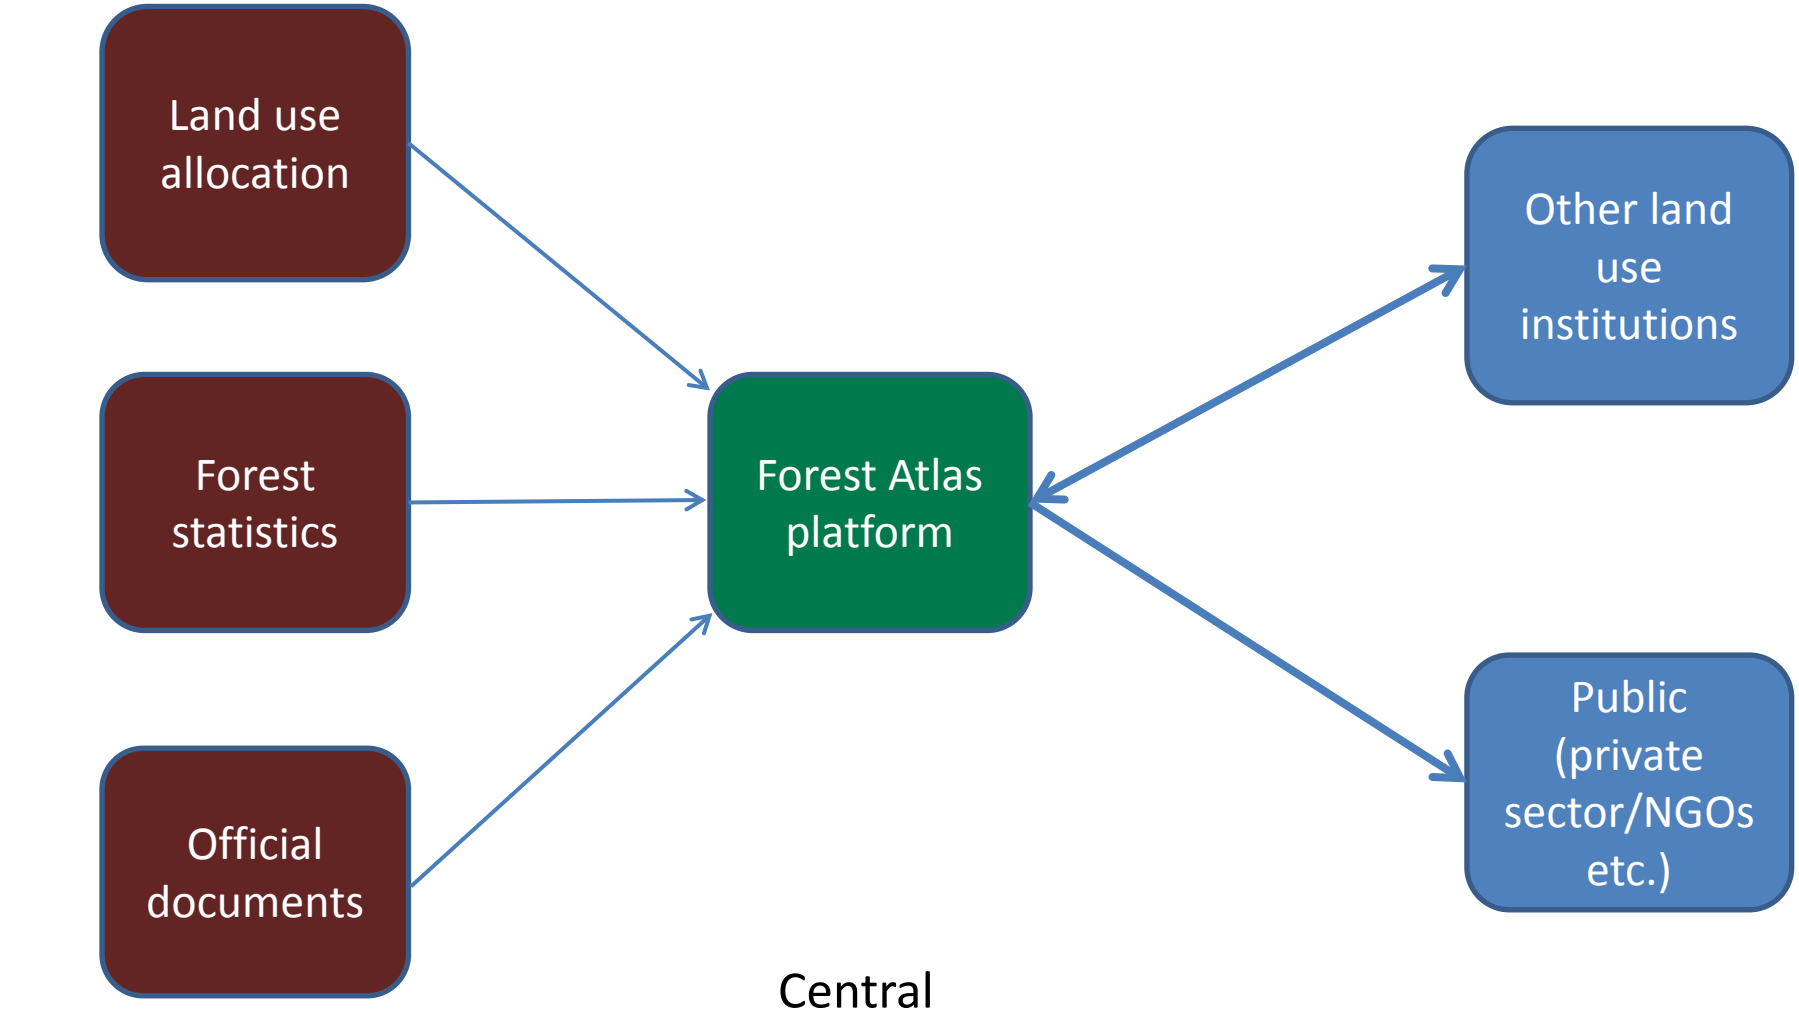

Monitor resource extraction

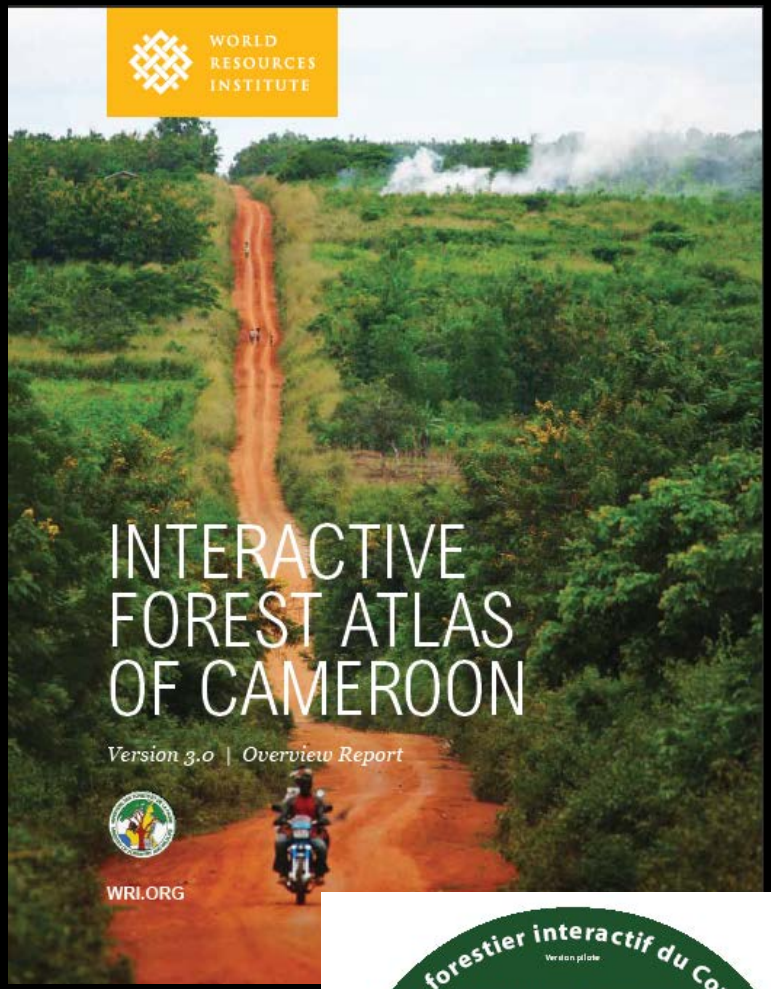

Address conflicting land use claims

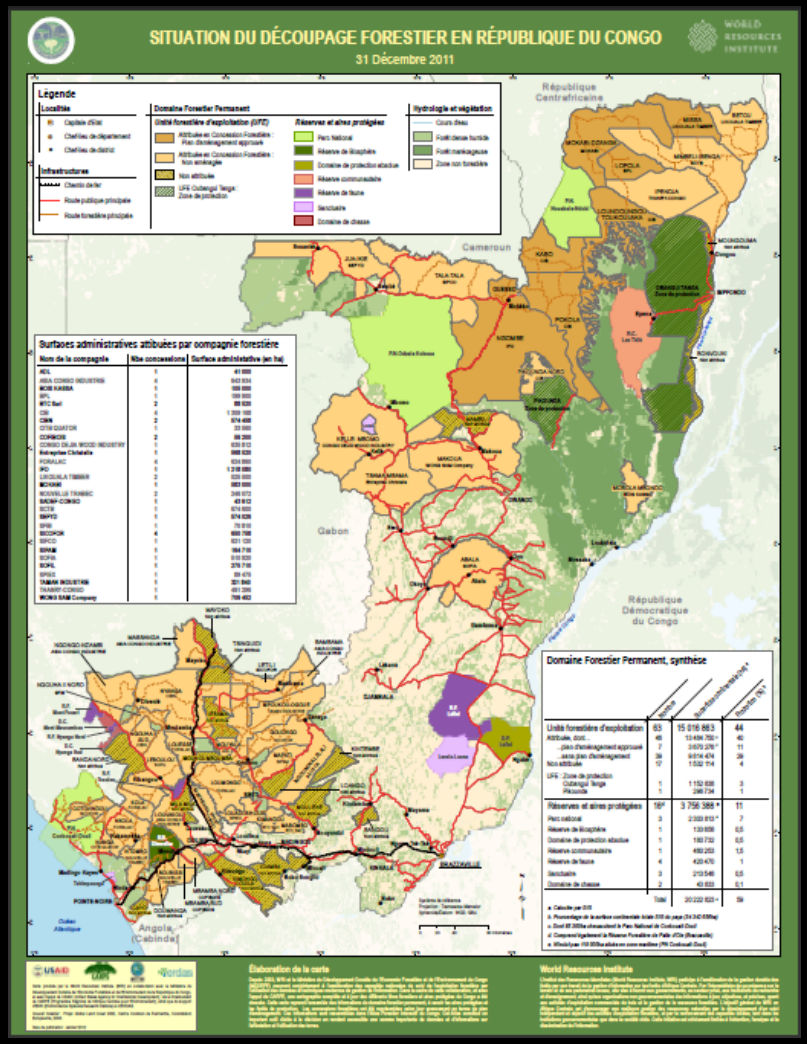

Increase measures of accountability

Improve overall forest management and governance

Forest Atlas Structure

MINISTERE DE L'ECONOMIE FORESTIERE

CABINET

REPUBLIQUE DU CONGO
Unité -Travail - Progrès

ARRETE N° 9163 /MEF/CAB.-
portant modification de l'arrêté n° 8233/MEFE/CAB du 05 octobre 2006 portant création, définition des Unités Forestières d'Aménagement de la zone II Sangha du Secteur Forestier Nord et précisant les modalités de leur gestion et de leur exploitation

-=-=-=-=-=-=-

LE MINISTRE DE L'ECONOMIE FORESTIERE,

Vu la Constitution;
Vu la loi n° 16-2000 du 20 novembre 2000 portant code forestier ;
Vu le décret n° 2002-437 du 31 décembre 2002 fixant les conditions de gestion et d'utilisation des forêts ;
Vu le décret n° 2007-300 du 14 juin 2007 relatif aux attributions du ministre de l'économie forestière;
Vu le décret n° 2007-285 du 31 mai 2007 portant nomination d'un ministre et fixant la composition du gouvernement.

A R R E T E :

Article Unique : Les dispositions de l'article 3 de l'arrêté n° 8233/MEFE/CAB du 05 octobre 2005 susvisé, notamment les alinéas a et d du chapitre II sont modifiés ainsi

Forest Atlas links to REDD+, LEDS

- Improve land use allocation efficiency
- Context to forest change
- Government integration

Some Technical Specs…

Now + near future:

- 250m MODIS based forest clearing alerts – **monthly** updates (FORMA, Imazon SADs for Brazil)
- 30m **annual** forest change data – loss/gain (UMD)

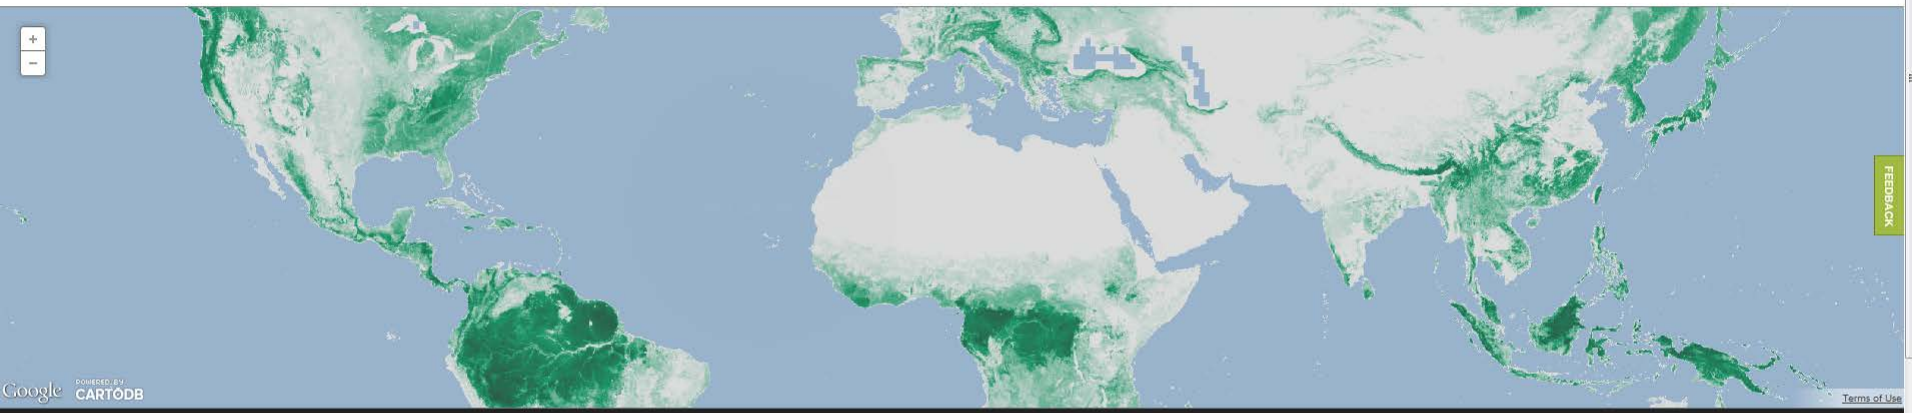

Within 2 years:

- 30m Landsat based forest clearing alerts for selected areas (UMD)
- Imazon SADs for Congo Basin

Find out what is happening in forests right now

Road ahead…

- Expand to all major land use allocations
- Inclusion of “unofficial” lands (community lands...)
- Real-time access and application of information
- Integration of Forest Atlases and GFW 2.0 plus links to other platforms/datasets
- Links to REDD+, LEDS…

Please help improve
